There are four key areas to the work of The Nazareth Trust:

The Nazareth Hospital EMMS

The Hospital serves as the main trauma centre for Nazareth and the surrounding area. We provide a wide range of services including general surgery, maternity, paediatrics, psychiatry and intensive care.

Nazareth Academic School of Nursing

Established over 90 years ago, the School enjoys its own well-equipped facilities and provides nursing training for around 250 young women and men within the Arab community.

The Nazareth Village

At the Village, visitors experience Nazareth as it was at the time of Jesus. The vivid imagery of Bible stories brings the first century to life. On the tour experienced guides help people understand more about the life Jesus lived through our working farm, a unique replica first-century synagogue and different arts and crafts of the period.

SERVE Nazareth

The SERVE Nazareth ministry connects Christians from around the world with ministries in Jesus' hometown. Our goal is to fulfil needs through service, to grow the kingdom of God in Nazareth and to grow each participant in Christ. Every person who takes part in SERVE makes a difference in the community and grows in passion to serve the Lord.
